INDEPENDENT PROJECT

Your independent project is a project of your choosing. The objective is to create something <u>useful or fun</u>, and to <u>extend what you have learned in class</u>.

SOME PROJECT IDEAS:

- Create a game, including a game that you can create with a (free) game engine
- Display the Word Cloud of a text passage; i.e., words that occur more often are displayed in larger fonts
- Create a Review Quiz program, such as for vocabulary, where the user can input different contents for different reviews
- Others

CHARACTERISTICS OF A GOOD PRODUCT:

- Works as advertised
- Useful and/or entertaining
- Ease of use (good display/user-interface, intuitive to use)

AUDIENCE/CUSTOMERS: - Do not state "everyone"

- Self
- Siblings
- Parents
- Relatives
- Friends
- School (class, club, etc.)
- Community
- Others

TIMELINE:

- Wed 7/19: Declare your title/topic
- Mon 7/24: Submit the Project Overview – See next page of this paper
- By Fri 7/28: Submit to Piazza: (1) source code, AND (2) a video of the demo of your product
- Fri 7/28: Demo in class
